Dear Eric-

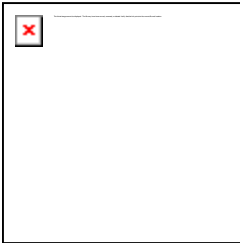

Please find attached Arkansas' final Crisis declaration letter.

Let me know if anything additional is needed.

Respectfully,

Brandi Reynolds

Subject: AR Crisis Exemption for Use of Endigo ZC to Control Rice Stink Bug on Rice

Hi Brandi,

EPA has completed its review and concurs on your crisis exemption request for the use of Lambda-cyhalothrin and Thiamethoxam (Endigo ZC) on rice to control rice stink bug, which is effective for 15 days beginning August 13.

To complete your file, please send your final crisis declaration letter that includes the following:

- (1) Section 18 label/use directions
- (2) Effective use duration under the crisis exemption

If you have any questions, please call or email. Thanks.

Eric W. Bohnenblust, Ph.D, Chief
